# 1 Introduction

Our “Diet Planning and Health Check-Up System” is an efficient and user-friendly platform designed to help individuals who are seeking to manage their health and wellness through personalized diet plans and health check-ups. Our system opens to people all over the world regardless of their location. Also, we offer specialized admin dashboards for doctors, dietitian and receptionist ensuring a smooth and organized process for managing appointments and patient records. Our doctors maintain patients documents physically for each patient to track and maintain the patient’s health. Also, we provide an easy to use interface where patients can book appointments, buy health checkups and access personalized diet plans.

Our website includes several key features, such as:

- A user-friendly home page where users can clearly identify navigation bars, and links integrated with images to the relevant pages.
- User friendly login and registration process.
- A Diet Plan Package Page and the Health Check-Up Package Page that allows users to explore a wide range of diet & health plans according to their specific needs.
- A user-friendly BMI calculator which allows users to calculate the BMI. Not only users can calculate BMI but also users can get recommendation about diet plans and health checkups according to their BMI.
- An appointment page where users can appoint a dietitian or a doctor on a chosen date and a time.
- Our platform also includes a contact us Page where users can easily get in touch with our team for any assistance they may require.
- An About Us Page provides details about our mission, vision and team behind the system. And also, we provide the users to review our system so we can improve our system and also let the new customers know about our system from user's reviews.
- One Admin Dashboard for healthcare providers to know and manage their patients efficiently.
- A user profile page where users can edit their details if they want to change their information after registration.
- A cart page where users can view the packages they wish to buy, along with the prices of those packages. They can also proceed to purchase the packages if they choose to.

In summary, our 'Diet Planning and Health Check-Up System' is a solution for anyone looking to take care of their health and wellness. Not only for patients but also for healthcare providers who logged in to the system as admins we provide a well-organized and user-friendly admin dashboard. Also, we hope to improve our services based on user feedbacks, and we look forward to create our diet plan and health check-up system the best it can be.

## 2 Personas

Persona 1: Doctor and Dietitian (Admin dashboard)

### AMAL SILVA Doctor and Dietitian

"A healthcare professional who wants to give his service to customers and use the system to make the appointment process efficient"

GENDER  
Male

AGE  
40

EDUCATION  
MSc Business Administration

OCCUPATION  
Senior Sales Manager

ADDRESS  
20 / A Kundasale, Kandy

#### Technology

Mobile(Web Browsing)	<div style="width: 88%;"></div>	88%
Desktop(Web browsing)	<div style="width: 90%;"></div>	90%
Social Media	<div style="width: 92%;"></div>	92%

#### Personality

Extrovert	<div style="width: 60%;"></div>	60%
Organized	<div style="width: 90%;"></div>	90%
Communication	<div style="width: 60%;"></div>	60%

- **Health Checkup Page**

The wireframe illustrates the layout of the Health Checkup page. At the top, there's a navigation bar with links for Home, Diet Plans, Health Checkups (which is the active tab), Book an Appointment, About Us, Contact Us, Log Out, and User Profile. Below the navigation is a header section featuring a logo, a search bar, and four small icons for Book an appointment, Diet Plans, Health Checkup, and Wishlist.

The main content area displays a heading "Health CheckUp" and a message "Diet Plan & Health Check Up system". It shows a search bar and a sorting option "SORT BY Age". Below this, a message "15 Items Found" is displayed above a grid of 15 identical-looking cards. Each card has a placeholder image, a title "Health Package Name", a price placeholder, and an "Add to Cart" button.

The footer section contains a logo, links for Product (Diet Plans, Health Checkups, Appointments, BMI Calculator), Company (About us, User reviews), Support (Contact Us, Help and Support), and a "Connect With Us" section listing social media links for Facebook, Twitter, Instagram, LinkedIn, and YouTube. It also includes a "Payment Methods" section with four placeholder icons and a "Secure systems" link with a lock icon.
